4-6PM

TRUXTON'S AMERICAN BISTRO
8611 TRUXTON AVENUE
IN WESTCHESTER
(refreshments will be served)

Learn about plans to construct a multi-story complex at 6136 West Manchester Avenue that would replace the surface parking lot and the buildings that house a Del Taco and a Pep Boys.

Plans call for building on a triangular property at Manchester and South La Tijera Boulevard, backed by Truxton Avenue, just east of Sepulveda Boulevard.

The building would include 441 apartments above 16,000 square feet of ground-floor shops and restaurants, with parking for 551 vehicles. It would include a fitness center, a club room, outdoor courtyards and 66 apartments for households earning very low incomes.
